Subject: Rail line, Levan to Salina

Good Morning Mrs. Phillis Johnson-Ball:

My name is Eric Hunt and my family lives on a 3,000 acre farm about 5 miles south of Levan. I was reading an article on line about the proposed rail line from Levan to Salina and was wondering where I could find a map of the proposal to see how this may effect us. The description in the article gave a brief explanation on where the rail line will be located but it was somewhat unclear without seeing a map where the actual placement will be.

Any help you may provide will be greatly appreciated along with any updates or other news regarding this proposal.

Thank you for your time.
